## GRAFT

### On Wholesale Plan Found by State Probers

### BRELSFORD CONFESSES

### Mark Slater, Nash Ap- pointee, Had Bills Raised

### Is Claim of Witness Who Con- fesses—Will Probably Go to Grand Jury.

Columbus, O., Feb. 14.—The state graft probe went deep today. J. E. Brelsford, before the legislative committee admitted that he had drawn payment on bills aggregating over \$10,000 and that the goods supplied cost him a little over \$1,350. The goods actually delivered were billed for \$6,000 and no delivery at all was made of \$10,000 worth for which payment was received.

Brelsford said there was an agreement made between himself and Mark Slater, by which Slater was to be made of this excess, but that he had trouble in getting any part of his share. He said he collected the full amount of the bill and then turned over the excess to Slater.

Chairman Deaton asked "How was this plan and scheme to defraud inaugurated?" Brelsford said, "The first order was in good faith. Then pressure was brought to bear by Slater to raise the amount of the bill. The same thing occurred with other bills."

The climax came when Brelsford in response to questioning said, "The total of the bills presented and paid was over \$10,000. I received it all. I can only make an estimate of the amount I received for the goods actually delivered. It was about \$6,000. I have not full data on what those goods cost me, but what data I have totaled \$1,357.58, and there was probably a few hundred dollars more. Mr. Slater got the difference between the \$6,000 which I received in payment and the \$10,000 which I received for that money."

When Brelsford was before the committee last week he was unable, he said, to remember anything about the business he had with Slater. This morning Chairman Deaton read to him the statutes furnishing the workmen immunity from the result of anything he might tell. Brelsford then answered all questions without hesitation. The committee knew what to expect and armed with data from the state auditor made the questioning brief and pointed.

A member of the committee said the matter would probably go to the grand jury. One of the specific charges will probably be presenting of false vouchers, for which a long penal term is prescribed.

A legislative fight on the gas interests in Ohio controlled by the Standard Oil company will be launched either late today or tomorrow, when Representative Kumpel, of Akron, introduces a drastic bill which will seek to protect Ohio cities and towns from stoppage of gas service.

The measure is inspired by the decision of the supreme court, which gave the East Ohio gas company the right to withdraw its service from Akron unless the Akron city council met the gas company's terms. Similar conditions exist elsewhere.

The bill provides that if a gas company arbitrarily withdraws its service from a city without the consent of the city council, that it shall be forced to withdraw its service from all other cities and towns in the state and must surrender its charter. Indications are that the bill will pass.

## AUTHORSHIP

### SURROUNDED BY MYSTERY

Columbus, O., Feb. 14.—Every one who has read that fascinating novel, "The Inner Shrine," has been anxious to know the author, and various persons, among them Edith Wharton, Mildred Howells and others well known in the world of letters, have been awarded the distinction of having written this book which has had such phenomenal success as one of the "best sellers."

Newark, the home of Clarence White, the famous photographer, is claiming the author of "The Inner Shrine," and mentions Ben Wilson, head of the Wilson school at Fishkill-on-the-Hudson, as the anonymous author.

Mr. Wilson is a brother-in-law of Judge Edward Kibler, and during a recent visit to Newark did not deny "the soft impeachment," and his friends are announcing with much

### For First Time in 60 Years Day Passed Without Single In- fraction of Rules.

Jefferson City, Mo., Feb. 14.—For the first time since the Missouri penitentiary was established, more than 75 years ago, the male convicts appeared Sunday morning dressed in civilian garb, the hated stripes having been changed for light blue clothing at 6 a. m.

When the convicts assembled in the big dining hall for breakfast Warden Andrew delivered a short speech. He said that every convict, except those who are soon to be released, had been furnished with a new suit of clothes, which indicated that all past records had been wiped out.

The prison officials, he said, were willing to start every convict on an equal footing. Those whose future conduct is meritorious, he said, will never again have to wear stripes. This mark of degradation will be imposed in the future only as punishment. He explained that it was up to every convict from now on to judge if he prefers plain and substantial clothing to the loathsome stripes.

Every convict in the penitentiary knew that the change was coming, and in their own secret way of communicating with each other were ready with a response. Charles Wright, No. 6605, had a resolution of thanks ready, and, after read, it was adopted with a roar.

This was not all the convicts did to show their appreciation of the change. At some period not stated a poet and a warbler, Albert Ferguson, No. 7978, had broken into the prison, and he had been busy grinding out verses suitable for the occasion. He headed his effusion: "Hallelujah—With a Shout."

For the first time in 60 years the day passed off without a single infraction of the prison rules, and, considering the fact that there are 2,234 inmates, it was a record-breaker. The negro convicts in particular were greatly pleased with their new uniforms, which, in truth, have a neat appearance. Every convict had his shoes polished and his personal appearance was improved as much as possible. The prison tailor had succeeded in giving most of them good suits. All the suits were made by convict labor.

Months had been spent in getting ready for the day. The change cost the state about \$11,000.

## DEADLOCK

### On Passage of the Parliamentary Budget Will Be Removed, Says Conservative Leader.

London, Feb. 14.—All fear of a deadlock on the passage of the budget in the parliamentary session that begins tomorrow, was removed today by assurance from Arthur J. Balfour, one of the most conservatives, to Premier Asquith that the Conservatives will help the Liberals pass Lloyd George's budget.

Balfour declares the Conservatives are as much opposed to the budget as ever, but are unwilling to assume responsibility for continuing the tie-up of the national finances. The Conservatives admit that another general election which would be necessary were the budget rejected, would precipitate a panic. Although parliament meets tomorrow the personnel of the new cabinet is still unannounced.

## HEARING WAS RESUMED TODAY

Washington, Feb. 14.—The Ballinger-Pinchot investigation committee today resumed its inquiry before the largest crowd that has yet been present at the hearing. L. R. Glavis, former chief of the Seattle field office of the General Land office, was again on the stand.

"Misconduct in office" was the general accusation made against Secretary of the Interior Ballinger and Commissioner of the General Land office Bennett, by L. R. Glavis today under cross examination before the Ballinger-Pinchot investigation committee of congress. Glavis was thoroughly grilled by Attorney Vertrees on behalf of Ballinger. He fenced skillfully and preserved a calm demeanor despite the rapidity of Vertrees' questions. It was only after repeated queries that the attorney forced Glavis to define his accusation against the commissioner and the secretary and to absolve all others of anything but unintentional wrong doing in connection with the Alaskan coal land case.

## EIGHTY HENS BRING IN \$275.

Canal Dover, Feb. 14.—An average of 30 hens throughout the year has netted Homer Zimmerman, of Sugar Creek, the nice sum of \$275 in the year ending Feb. 1. This amount was received from the sale of eggs, chicks and young poultry.

## PRINCIPAL POINTS MADE BY TAFT IN HIS LINCOLN DINNER SPEECH

"No one responsible for a Government like ours would foolishly run amuck in business and destroy values and confidence just for the pleasure of doing so."

"It does rest with the National Government to enforce the law, and if the enforcement of the law is not consistent with the present method of carrying on business then it does not speak well for the present methods of conducting business, and they must be changed to conform to the law."

"During his—Roosevelt's—two terms in office, by almost what may be compared to a religious crusade, he aroused the people to a point of protesting themselves and the public interests against the aggressions of corporate greed, and has left the public opinion in an apt condition to bring about the reforms needed."

"We did revise the tariff. It is impossible to revise the tariff without awakening the active participation in the formation of schedules of those producers whose business will be affected by a change."

"Nothing was expressly said in the platform about a revision downward. The implication was that it was to be generally downward. The change which this tariff effected was a marked change downward in the rate of the duties, and it was a recognition by the party that the time had come when, instead of increasing duties, they must be decreased."

He approved the vigorous enforcement by the Administration of the statute against rebates on the part of railroads.

He advocated that the Interstate Commerce law should be further amended so as to give railroads the right to make public traffic agreements subject to the approval of the commission.

He declared that the great advantage of a postal savings bank is the encouragement to thrift of those whose fears of the solvency of any depository except those controlled by the Government tempts them away from saving.

New York, Feb. 14.—Speaking to nearly 1,200 men of State and national prominence at the twenty-fourth annual Lincoln dinner of the Republican club at the Waldorf last night President Taft in a long speech made it clear he has not changed his mind since he took office: that he stands today for the things he stood for when elected and which were embodied in the Republican platform.

It was significant, perhaps, that Wall Street was the last topic of his speech, whatever comfort those concerned may derive from his actual words. President Taft declared emphatically that the party has kept faith and has revised the tariff, in effect, downward and that the Payne law is a better revenue producer than the Dingley law. He defended the Postal Savings Bank law. He favored trade agreements by railroads with limitations. He compared the acts of Theodore Roosevelt in office to "almost a religious crusade."

"Taken as a whole," he said, "the Republican party has substantially complied with his promise."

## SENATORS AND JUDGE WHOM THEY WERE ORDERED NOT TO OBEY

Washington, Feb. 14.—One of the most remarkable situations in the history of the United States legislature resulted from the refusal of the United States senate to permit three of its members—Senator of Utah, Bourne of Oregon and Fletcher of Florida—to obey the summons of Justice Daniel T. Wright of the supreme court of the District of Columbia. The trouble, in which is involved one of the most interesting constitutional points that has been raised here in years, all arose over a little award in the matter of paper on which government documents are printed. This business is in the hands of the public printer, subject to the direction of the joint committee on printing, composed of three senators and three representatives. Not long ago the bill of the Valley Paper company of Holyoke, Mass., though actually the lowest, was rejected by the joint committee on the ground that it had not complied with technical requirements. The company then sought redress in the District supreme court, with the result that some days ago Justice Wright issued an order directing the six members of the committee to appear in court and show cause why a mandamus should not be issued compelling them to make an award to the lowest bidder. The house voted to permit its members to obey the summons, but the senate held

## ZANESVILLE PETITIONS ROSE LAW BE AMENDED TO PROVIDE FOR HOME RULE

Zanesville, Feb. 14.—A petition is largely signed in this city by leading business men asking the legislature to amend the Rose county option law so as to give cities the right of home rule by a separate vote on the question. The petition represents that the Rose law "has proven an absolute failure" after a test of fifteen months. The petition is practically signed by every business man and manufacturer of consequence in the city.

One of the newspapers thus speaks of the petition:

"It is signed by many men who are opposed to liquor, who are in favor of temperance, yet who feel that the Rose law is not a proper law to encourage morality, business and the growth of Zanesville."

Several hundred names are signed to the petition and several hundred more will be obtained when the document is sent to the legislature on Tuesday.

## CONFERENCE

### Of Ohio Republican Leaders Will Be Held in Washington Tomorrow at Taft Dinner.

Columbus, O., Feb. 14.—While it is admitted that there may be some political conferences held in Washington tomorrow when Ohio politicians gather there for the dinner which is to be given in the evening by the President in honor of Wade H. Ellis, new chairman of the state executive committee, the word has gone out to the various candidates for state offices that no attempt will be made at the dinner to crystallize sentiment in favor of any one candidate for governor or any other office. Secretary of State Thompson, Attorney General Denman, State Auditor Fullington, Lieutenant Governor Treadway and Speaker Mooney will leave Columbus this evening to attend the dinner.

## WHAT IS IT?

Something appropriate to Valentine's Day?  
Answer to Saturday's puzzle—Lincoln.

Chicago, Feb. 14.—If a president were to be elected today and the Republican editors living west of the Alleghenies could elect him, his name would be Theodore Roosevelt, according to the result of a poll conducted by the Chicago Tribune and announced today.

In Ohio Taft has 112 votes, which is 19 more than Roosevelt was given.

## GIRL

### Found Murdered With 65 Knife Wounds

### ONLY 16 YEARS OF AGE

### Evidence Points to Guilt of Young White Boy

### Spirited Away in Automobile by Officers to Avoid Lynching.

Deland, Fla., Feb. 14.—Irvin Hanchett, a 16-year-old white boy, was arrested Sunday, charged with the murder of Mary Tedder, aged 16, at Glenwood. The girl was stabbed in 65 places, being literally cut to pieces. He was from a school of correction in Connecticut.

That the girl's assailant had other motives than murder is believed from the condition of her clothing. She had been beaten about the face and dragged 100 yards from her bicycle before being stabbed.

The sheriff secured bloodhounds and followed a trail to the orange grove of William Wooley, where young Hanchett was employed. In his room were found bloody clothing and the knife with which it is believed the murder was committed. He strenuously denied that he committed the crime.

As soon as it was known that Hanchett has been arrested on a strong chain of circumstantial evidence, excitement was intense. He was spirited away in an automobile and carried to Deland, where he is held in jail.

At Glenwood that it was feared a mob would be organized to go to Orlando and lynch the boy, Sheriff Smith said there was little doubt as to the guilt of the boy. "On one hand was a knife wound, freshly inflicted, and one of the blades of the knife found on his person was bent at the point, the result, it is alleged, of having come in contact with the steel of the corset worn by the girl." He also said tracks found in the sand near where the body was found fitted the shoes worn by Hanchett.

Sheriff Smith said that all of the wounds on the girl's body were above the waist. Mr. and Mrs. Tedder are influential residents of this section.

A positive statement was issued Sunday afternoon that the girl had not been criminally assaulted.

## HEAVY SELLING HAS RESULTED

New York, Feb. 14.—Disappointment over the speech of President Taft made on Saturday night caused heavy selling of the opening of the stock market, and nearly everything traded in sustained losses ranging from 1 to over 5 points. Powder trusts, fuel trusts and railroad stocks were the heaviest sufferers.

Ben B. The membership of the party consists of people from Elmira and Hammondsport, N. Y., and they will sail from New York by the North German Lloyd S. S. ## OLD NEWARK FAVORITE AT THE ORPHEUM

Col. Harry Hamilton, well known to Newark theatre audiences, will appear in Newark this week at the Orpheum theatre, after an absence of seven years. In connection with Miss Louise Buckley, they will present an act entitled "The Workingman and the Lady." The gowns worn by Miss Buckley are imported direct from Paris and are valued at from \$300 to \$500 each. Harry Hamilton, the eminent comedian, is well known in Newark, having played many engagements here, 24 years ago, with Sells' vaudeville theatre. Then at the head of his own company, at Miller's

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition, beauty, vigor and cheerfulness. It soon disappears when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine smells like the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is appreciated. It is sold by druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root. It has received many of the thousands of testimonial letters received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. His last appearance here was when he headed the Hamilton Stock Co., opening Labor Day, seven years ago. The T. M. A. and he combined and had a float in the labor parade that was much admired. The colonel arrived Sunday and will be pleased to meet his many old Newark friends. The old residents will never forget his famous production given here about 19 years ago, "A Trip to the Circus." He then carried two car loads of scenery, four horses and one donkey, and made a very novel street parade. His band gave concerts all over the city. His new act, "The Workingman and the Lady," is said to be one of the best staged and dressed comedy acts on the Sun time. This act is now in its 7th week, without losing a day.

### POSSESSOR OF VALUABLE CLOCK

I. N. Knowlton, 112 South Ohio avenue, has a clock in his possession which has celebrated its 150th birthday. Mr. Knowlton's clock is made of hammered brass, with steel pins, and is a product of a German workshop. The clock cannot be made to strike wrong and keeps as good time as a modern watch. Besides, it has attachments showing the days of the month and the changes in the moon. Mr. Knowlton has had the time piece 45 years and has authentic information that it was 105 years old when he purchased it. He has refused several large offers for it—Ohio State Journal.

Mr. Knowlton is the father of Fred Knowlton, of the Hall pharmacy, this city.

## CHICKEN FIGHT SATURDAY NIGHT

Big Crowd Present at Long Series of Battles Between Game Birds.

A real chicken fight was pulled off in Newark Saturday night and for the numerous bouts birds were entered from all the state. There was a good crowd of sports present when the first match was commenced, about 8 o'clock. The fight continued all night long and there was a big list of dead at the summing up.

Newark, Colchester, Athens, Gloucester, Columbus, Wilton, Dayton, Cleveland, Canton, and other cities sent entries and the different battles were the best seen here for a long time. There was a big attendance of sports from out of the city who came to see the events of the night. Men from Gloucester who had their birds in seven out of eight moles are said to have been big winners and they went home with several hundred dollars more than they had when they reached Newark.

### THE ORPHEUM

The Orpheum theatre this week, starting today, certainly has a treat in store for its patrons as the bill is one of the best presented so far. "Electro," that electrical wonder, heads the bill and perhaps many will remember him from his work here last season. He will give a series of demonstrations, allowing three thousand

volts to pass through his body, lighting gas jets, breaking electric globes, hurling the sparks of love and many other interesting feats. "This act is one of the wonders of the town and those who have not seen him should attend the performance this Saturday night. Other good things are the plays "Electro," which includes "The Musical Boats," with musical, light scenery, effects, etc. This is a good musical act, playing on many musical instruments all that is late in music. Mary Ann Brown, English comedienne, direct from London, is another feature. Miss Brown will be seen in her character sketches. Hamilton and Buckley, presenting a clever little play, "The Workingman and the Lady," following the songs, etc. The above numbers are all good and in all a good show will be seen at the Orpheum.

### "GRAUSTARK"

The Auditorium is to again present to the theatregoers of Newark George D. Baker's dramatization of "Graustark"—"Love Behind a Throne"—from the novel of George Barr McCutcheon, which proved such a delightful story of love and romance.

The tremendous success accorded this play is most flattering, but not more than deserved. No liberties have been taken with this book of McCutcheon's. The lines are sprinkled with the sort of humor and bravado that take with all the theatregoers

Francis Wilson in "The Bachelor's Baby" begins his seventh week at the Criterion theatre. This portrayal of the power of a child to change the life of a crusty old bachelor has a broad appeal. Francis Wilson has never been seen to better advantage than as Tom Beach, the bachelor.

"The Lily," David Belasco's latest drama, continues to play to packed houses at the Belasco-Stuyvesant theatre.

Klaw & Erlanger have contributed another musical play to Broadway in "The Young Turk," in which Max Rogers and Maude Raymond are now appearing at the New York theatre. The production itself is referred to as one of the handsomest Broadway has ever seen. The cast is one of excellence, including Charles J. Stone, Frederick V. Bowers, Joseph Carey, Walter Paschal, John Dunsmore and Harry Cowan.

"Just a Wife," Eugene Walter's new play, in which David Belasco presented Charlotte Walker as a star for the first time last Tuesday evening, has entered upon its second week at the Belasco theatre. The cast supporting Miss Walker is one of the most interesting and able ever assembled by

From present indications James Forbes' new comedy, "The Commuters," will be produced by Henry B. Harris on Easter Monday. Mr. Forbes having progressed so far on his play that Mr. Harris is encouraged in making this announcement. The premier will take place outside of New York. It is scheduled for a New York hearing early next September.

Rehearsals for Henry B. Harris' initial musical production, "A Skylark," under the stage direction of Mr. Ben Seal began at the Hudson theatre on February 7.

Henry B. Harris has engaged Dorothy Dorr for a prominent part in "Children of Destiny." Sydney Rosenfeld's play which will be produced on February 21.

William Collier, who is always "A Lucky Star," was never more so than in the play of that name, which is entering upon its fourth week at the Hudson theatre. "A Lucky Star" gives Collier an opportunity for his inimitable comedy on a motor houseboat on the canals of Holland, with a background of beautiful scenes and an accompaniment of pretty girls, all chaperoned by a Scotch aunt. It is one of the successes of the season.

Heartburn, Gas, Dyspepsia, Headache and Other Stomach Misery Goes After Taking a Little Diapiesin.

There would not be a case of indigestion here if readers who are subject to stomach trouble knew the tremendous anti-ferment and digestive virtue contained in Diapiesin. This harmless preparation will digest a heavy meal without the slightest fuss or discomfort, and relieve the sorest, acid stomach in five minutes, besides overcoming all foul, nauseous odors from the breath.

Ask your pharmacist to show you the formula plainly printed on each 70-cent case of Diapiesin, then you will readily understand why this promptly cures indigestion and removes such symptoms as heartburn, nausea, belching of gas and eructations, flatulence, indigestion, and, besides, you will not need laxatives to keep your stomach, liver and intestines clean and fresh.

If your stomach is sour and full of gas or your food doesn't digest, and your meals don't seem to fit, why not get a 50-cent case from your druggist and make life worth living? Absolute relief from stomach misery and perfect digestion of anything you eat is sure to follow five minutes after, and, besides, one case is sufficient to cure a whole family of such trouble.

Surely, a harmless, inexpensive preparation like Diapiesin, which will always, either at bedtime or during night, relieve your stomach misery and digest your meals, is about as handy and valuable a thing as you could have in the house.

TO BE CAMPAIGN DOCUMENT.  
Washington, Feb. 14.—Arrangements were made today by the Republican leaders in congress for a general circulation of President Taft's speech in New York before the Republican Club, as a public document.

Senator Hale (Republican, Maine), secured permission for the printing of the speech in the Congressional Record.

The smallest screws are those made in watch factories. An ordinary thing would hold 100,000 of them.

When a doctor tells a woman she mustn't talk she simply gets a new doctor.

Miss Eleanor Butler Alexander, fiancée of Theodore Roosevelt, Jr., is a beautiful young woman and a member of a family prominent in New York society. She is twenty years old, one year younger than her future husband.

Miss Alexander is the daughter of Mr. and Mrs. Henry Adair Alexander, who were divorced several years ago. She has been acquainted with her fiancé since childhood, but neither will admit how long the ex-president, by his second and present wife, who was Miss Edith Carow. He is a half brother of Mrs. Nicholas Longworth. Miss Edith

Roosevelt and Kenneth Archibald and Quentin Roosevelt are younger children of the ex-president. The wedding, which is to be celebrated on an elaborate scale, will be deferred until the arrival in America of the bridegroom's father next June. He heartily approves of the match. The announcement came as a surprise to even the close friends of the contracting parties, for recently young Mr. Roosevelt has been attending strictly to business, and so he has had small opportunity for those social excursions in which he might meet the young lady. Since his graduation from Harvard in 1908 young Roosevelt has been hard at work learning the carpet manufacturing business.

## AUTOPSY

WILL BE HELD ON BODY OF GIRL CAST UP BY THE WAVES.

Wound in Forehead Thought to Have Been Inflicted With Knife—Last Seen With Married Man.

Atlantic City, N. J., Feb. 14.—An autopsy is to be held today to determine the exact cause of the death of Jane Adams, the 18-year-old girl whose body was found floating in the surf yesterday.

The deep wound in her forehead, which the doctors who have examined the body agree was inflicted before death, may have been made by a knife, but they are insistent that it is not a bullet hole as was at first thought. Wm. Seyler, the young married man who is alleged to have been the last person seen with the girl before her disappearance 10 days ago, is being sought by the police, who want to question him regarding his story that the girl left him at Young's Pier and went home on the night of Feb. 4. It is expected that he will be located today. Miss Adams was the daughter of Mr. and Mrs. Chas. Adams and bore an excellent reputation. She and her sister, Alice, were with William and Arvis Seyler at the dance at the pier on the night of Feb. 4. According to Miss Alice Adams, she left Jane and Wm. Seyler on the pier late that night. When Alice reached home Mrs. Adams asked where Jane was and was told she was at the dance with Seyler.

Mrs. Adams had forbidden Wm. Seyler, who is married, paying attention to her daughter, and ran to the pier. There she could see no trace of her daughter or the man and she went to the Silver home where, she alleges, admission was refused. Her daughter did not return home that night and the next morning she found Wm. Seyler, who is said to be the girl's lover, and went home the night before. Since then no trace has been found of the girl until her body was tossed up by the waves on the beach yesterday.

## CEMETERIES

Of the City Are Within Jurisdiction of the Service Director Under New Code.

The controversy between Service Director Taylor and Safety Director Rossel has been at last settled and the cemetery matter is now "at rest." Ever since the first of the year there has been an argument as to which board had charge of Cedar Hill cemetery, and as the law was rather vague on the matter, the Attorney General was written and requested to give his opinion.

He answered their letter and gave as his opinion that the cemetery should come under the care of the Safety Board and Director Rossel took charge of the work. Recently the new code was passed and a clause in it says that the Service Board shall have charge of the cemeteries and Mr. Taylor has taken charge, Mr. Rossel retiring.

WHAT  
GOD REQUIRES  
OF US

Text, "What Dost Thy God Require of Thee, but to Do Justly, and to Love Mercy, and to Walk Humbly With Thy God?" (Micah vi. 8.)

Norfolk, Va., Feb. 13.—Are the words of our text true? Is it possible that the true religion of the Bible demands nothing more of us than is expressed in this text? What about the Jewish Law? What about its sin-offering, its burnt-offering, its thank-offering? What about the ten commandments? What about the digest of those commandments approved by our Lord Jesus, "Thou shalt love the Lord thy God with all thy heart, with all thy mind, with all thy strength, with all thy neighbor as thyself"? What about church attendance? What about our responsibilities to our families? To the Church? To the poor? What about study of the Bible to know God's will? What about our responsibility for the heathen? What about baptism and the Lord's supper?

Indirectly, dear brethren, all the matters included in our questions and many more are included incidentally in the provisions of our text. Sometimes a whole sermon is preached in a few words. No one will dispute the reasonableness of the Divine requirement as stated in our text. Our Creator could not justly or with self-respect ask less than this of his creatures who would enjoy his favor. The interests of all demand that these principles should be required of every creature permitted the enjoyment of Divine favor to the extent of eternal life. Whoever fails to come up to these conditions would thus evidence his unworthiness of life eternal; his prolonged existence would merely be a prospering of sin and a menace to the happiness and righteousness of others.

But now let us see the scope of this Divine requirement, whose justice we have already acknowledged. We note the natural division of our text into three parts:

- (1) Doing justly;
- (2) Loving mercy;
- (3) Walking humbly.

The requirement of justice in all our dealings with our fellows, commands itself to every rational mind. It includes the whole Law of God. A brief statement of that Law which had our Lord's approval reads, "Thou shalt love the Lord thy God with all thy heart and all thy mind, all thy being and all thy strength; and thou shalt love thy neighbor as thyself." On these two propositions hang all the Law and the Prophets. It is but just that we should recognize our Creator as first; that we should glorify the One who gave us our being and all the blessings that come therewith; that we should be obedient to his righteous requirements that make for our own happiness and that of others. It is also but right that we should recognize the rights of others, as we would have them recognize our rights. The Golden Rule is the barest of justice. Not a hair's breadth less would come within the requirements of our text. Do justly. Come, then, let us reason together. How many of us do justly in all of life's affairs—in our relationship to our God and to our neighbor?

Begin at home. Let each one criticize his words and his deeds toward his parents; toward his children; toward his brothers; toward his sisters; toward husband; toward wife. Do we in all of our relationships of life treat these who are so near and so dear to us according to the standards of justice, according to the Golden Rule? Do we do toward them as we would have them do toward us? If not, after striking a beginning with the Lord, striving to render to him our homage and obedience, let us closely scrutinize every word, every act of the home life and see to what extent these can be improved upon and made more nearly just. The majority of people, we feel sure, will be surprised to know how unjust they have been toward those who are of the very nearest and dearest of fleshly relationships.

Follow the matter up and consider the justice or injustice of your words and deeds in daily life with your neighbors and daily associates. Do you invariably speak to them in the same words and with the same tone and gesture that you would approve if they were in your place and you in theirs? In matters of business do you drive a closer bargain with them than you would think just for them to make with you? Or, on the other hand, do you ask of them higher prices for the services or materials you furnish them than you would consider just and right if you were the purchaser and they the vendors? Do you watch your chickens that they do not commit depredations upon your neighbor's garden as carefully as you would wish your neighbor to watch his chickens as respects your garden, if you had one? Do you blow no more tobacco smoke in the face of your neighbor than you would like to have him blow in your face? Are you as careful about wiping your feet when entering his house as you would like him to be when entering your house? Do you treat all men, women, children and animals as kindly, as gently, as properly every way as you think would be just and right if you were in their place and they in yours? Do you speak as kind-

ly of your neighbors as you would have them speak of you? Or do you hold up their imperfections to ridicule, as you would like to have them hold up yours? Do you guard your tongue so that you speak only things you would think proper for your neighbor to speak respecting you, if you changed places?

## Simple Justice—Nothing More.

Do you not begin to see, dear friends, that what God requires of us is much beyond what the majority have been rendering? Do you stand appalled and tell me that it would be impossible to live fully up to that standard? I agree with you. And St. Paul agrees, saying, "We cannot do the things which we would." The Scriptures again agree and declare "There is none righteous, no, not one. All have sinned and come short of the glory of God."

What shall we do? Shall we say that because we are unable to live up to our own conceptions and standards of justice we will make no attempt to do so, but abandon those standards entirely? God forbid. We are weak enough and imperfect enough as it is. To ignore our best ideals of justice would be to take off all the brakes and permit the downward tendencies of our depraved nature to go rapidly from bad to worse—to carry us further and further from God and the standards of character which he approves. We can surely be content to do nothing less than our very best to live up to our own ideals and to raise those ideals as nearly as possible to the Divine standard.

## What Would Be the Use?

Suppose we do our very best daily to measure up to our highest conceptions of our God-given ideals and standards, would God accept of this and count us worthy of his favor and of eternal life? Surely not. The Law of the Lord is perfect. Justice is Justice. Not the hearer of a law, not the well-wisher, receives the reward, but the doer, the obedient! Here, then, we find ourselves in difficulty. With our hearts, our minds, we approve God's Law and desire to be obedient to him, but find, as St. Paul says, that many things we wish to do we fail to accomplish; and many of the things we do not wish to do we cannot avoid. "We cannot do the things that we would." We approve the excellent demands of God's Law. We disapprove the imperfections of our own flesh. Like St. Paul, we cry out, "O wretched man that I am! who shall deliver me from this dead body?"—this body that is imperfect through inherited sin and weaknesses. With our minds we serve God's Law and approve it; but with our bodies we come short. What is our hope? How shall we be delivered? Can we prevail upon God to change the reasonable requirement of our text so that it shall read, "What doth God require of me but to will justly and do imperfectly?" We cannot hope for such a change in the Divine Law. Are we then hopeless as respects Divine approval and eternal life? (Romans vii. 17-24.)

## The Gift of God Is Eternal Life.

In our moment of perplexity we hear God's message "speaking peace through Jesus Christ our Lord." The message of peace is that what we could not do for ourselves in the way of lifting ourselves up to Divine approval God has provided shall be done for us through our Lord Jesus Christ. Our failure to keep the Law marks us as unworthy of eternal life, and worthy of the wages of sin—not eternal torment, but death. God in mercy concluded to offer us eternal life as a gift—because of our not actually meriting it under his legal requirements. Thus we read, "The wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord" (Romans vi. 23). What we could not obtain legally under the Divine requirements God proffers to us as a gift. But the gift is a conditional one as expressed in the words, "through Jesus Christ our Lord." Only those who accept Jesus Christ as "the Way, the Truth, and the Life" may have God's gift of eternal life. Hence it will be seen that it is wholly a mistake to suppose that the heathen at home or abroad can get eternal life, the gift of God, in ignorance of Christ. All the Scriptures confirm this and declare not only that we cannot save ourselves by obedience to the terms of God's Law, but that "there is none other name under heaven given among men, whereby we must be saved"—through faith in his name—through faith in his blood (Acts iv. 12).

But how is this done justly? and why does God so limit his gift of eternal life? God's Law represents himself and cannot change. He cannot require less than perfection. To do so would be to fill the Universe to all eternity with degraded and imperfect beings. God has a higher plan than this and declares, "As the heavens are higher than the earth, so are my ways higher than your ways" (Isaiah lv. 9). He explains that his ultimate purpose is that there shall be no imperfect creature in all his Universe. All whose hearts are loyal to him and the principles of his

government shall be perfected, and all others shall be destroyed in the Second Death. Then, . . . actually, every knee shall bow and every tongue confess to the glory of God. Then every creature which is in heaven, and on the earth, and under the earth, shall be heard saying, Blessing, and honor and glory and power be unto him that sitteth upon the throne, and unto the Lamb forever (Revelation v. 13).

## You Are Bought With a Price.

Possibly God could have arranged some other way of dealing with sin and sinners which would not have required the death of Jesus as the ransom price, the purchase price, the redemption price for sinners. But the fact that this method was adopted by our great Creator assures us that no other method would have been as wise, so just, so beneficial. No other method would have so fully demonstrated God's Wisdom, Justice, Love and Power.

In brief, then, God's arrangement is that all of his human creatures shall have opportunity of full return to harmony with himself, provided they wish to do so, provided their hearts, their wills, are fully responsive to the letter and spirit of his Law—the requirements set forth in our text. God has provided in Jesus for the satisfaction of Divine Justice as respects all of the condemned race who desire to return to his favor.

We agree with all the orthodox creeds of Christendom that only repentance from sin and an endeavor to put it away from our thoughts and words and deeds, combined with faith in the Redeemer's sacrifice and a full consecration of heart and life to do the Father's will—nothing short of this attainment will gain the salvation which God is now holding out to mankind. To such the Apostle explains that the righteousness the full demands of the Law of God, his full requirement, "is fulfilled in us who are walking not after the flesh, but after the Spirit" (Romans viii. 4). From the moment of our consecration and begetting of the holy Spirit God deals with this class as with sons. He trains them in the School of Christ, disciplining, chastening, proving them, testing the sincerity of their consecration vows and the loyalty of their hearts. To those who prove faithful the great reward is promised—glory, honor, immortality, joint-heirship with the Lord Jesus Christ in his Millennial Kingdom and its work of blessing all the families of the earth (Galatians iii. 29; Revelation iii. 21).

Our disagreement with all "orthodox creeds" is in respect to what shall be done with the unsalutary—with those who do not present themselves to God and who are not begotten again of the holy Spirit. Our creeds of the dark ages misrepresented the teachings of the Bible in respect to these and told us that they are all to be consigned for hundreds or thousands of years to Purgatory or for all eternity to hell torment. Not such is the teaching of God's Word, but the very reverse, as we have previously shown. The Scriptures do not declare, in three and in thy Seed shall all the families of the earth be damned; but the reverse of this—that they shall all be saved. All the sin-bled eyes shall be opened. All the deaf ears of ignorance shall be unstopped. For the blessed thousands years of Christ's reign the world's uplifting or re-education will proceed, while the knowledge of the glory of God shall fill the whole earth. The angels on the plains of Bethlehem did not declare to the shepherds, Fear greatly! for behold, we bring you bad tidings of great misery, which shall be unto all people. Their message was the reverse of this: "Fear not; behold, we bring you good tidings of great joy, which shall be unto all people" (Luke ii. 10). God who had a "due time" for calling natural Israel and who had also a "due time" for calling spiritual Israel, has a "due time" for making known the riches of his grace to the non-elect world of mankind. And the "elect" of spiritual Israel and of natural Israel are to be the channels of this Divine grace and mercy, which, during the Millennial Age, will flow as a river of salvation, to which all mankind will be invited to come and drink freely.

## Love Mercy and Walk Humbly.

It may astonish some that God requires even more than justice, which is his legal standard. In his permission of sin and its wage of death he has shown the sinner his own mercy or love. And it is for the sinner's benefit and for the good of all, that God requires that all who will have the full benefit of his mercy shall be required to cultivate this mercy quality in their own hearts. As the sinner attempts to conform his life to the perfect standard and finds himself unable to keep God's Law and obliged to come for mercy to the Throne of Grace, he is informed that he can have that mercy only upon condition that he will exercise similar mercy toward those who trespass against him, his ideals and interests.

Humility is a quality very necessary to every creature. Pride is a foe which besets not merely the weak and imperfect, but which overcame the great angel of light, Lucifer, and transformed him from a faithful servant of Jehovah into Satan, the Adversary of God. We are glad, therefore, that Divine Wisdom requires humility as one of the conditions of our acceptance with him. This requirement assures us of the security of the Divine Empire against all treason in the future; for none will be admitted to the eternal life conditions either now or in the Millennial Age except the humble. Let us hearken then to the lesson of our text and conclude with the words of the Apostle, "Humble yourselves, therefore, under the mighty hand of God that he may exalt you in due time" (1 Peter v. 6).

BIG PRODUCER  
STRUCK IN THE  
BREMEN FIELD

Estimated by all experts to be the best producer yet struck in the Bremen field, in the Root and Berry well, which is flowing at the rate of over 20 barrels an hour, or an average of 500 barrels every 24 hours. The well has kept up a continual flow since Monday evening at five o'clock, and has filled six oil tanks that hold about 250 barrels of oil.

The pressure came so strong Tuesday evening that the well got beyond control for several hours and oil was running in every direction. Work of building new tanks for the well continues and it is thought that the well will even flow stronger in the future.

The McLenny Oil and Gas company at the annual meeting of stockholders elected a board of directors for the ensuing year. There were in all 146 votes cast and the meeting was one of much interest. The following directors were elected and organized: George W. Moss, president; George A. Staker, Bremen, vice president; William Thompson, secretary; Edward S. Vanatta, New Lexington, treasurer.

The Twin Bridge company, located its well No. 4 on the Thomas farm in Jackson township, and will commence drilling soon.

The Fidelity company is about 500 feet in the lime in the well on the Tracy farm. This well is located near the Wilson well of the Clintonian company and should be a good well.

The Best company reports its No. 1 on the Price in the Junction City field as progressing nicely. This is located near the Big Crown well on the Bowman lease.

The Buckeye State Oil and Gas company is the latest acquisition to the long list of names given the different stock companies in the field. The company is capitalized at \$56,000 and the stock is quoted at \$1.00 per share par value.

The Alberta company will commence its well on the Haine lease in the Junction City field this week. This is well No. 4 for this company and with the production that it now has, will likely pay some nice dividends in the future.

The Planet company will declare its second dividend at its meeting of directors in Columbus.

The Magnetic Oil and Gas company of Columbus, which was organized a year ago to develop oil leases in the Bremen field, and which on the first attempt in that territory drilled a dry hole, has now struck a producing well. After the failure in the Bremen district the company moved the tools to a lease in Monroe county and the well which came in this week was near Woodfield, and is good for about 20 barrels a day.

The development during the month of January has been beyond the expectation of the oil magnates, who have watched the growing fields. The production for the past week has been considerably more than at any time in the history of the fields.

The stockholders of the Saffel Oil company met at a meeting the following board of directors for the coming year: G. E. Turner, L. E. Huddle, Martin Valentine, E. A. Huford, George J. Frasch, J. W. Huddle and O. V. Westbrook. The directors elected the following officers: L. E. Huddle, president and general manager; Martin Valentine, vice president; J. W. Huddle, secretary and treasurer.

Pinkham's Vegetable Compound cures a bad case of nervousness, contains no narcotic or harmful drugs, and today holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaint, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, etc., and all the various prostrations, many nervous women owe it to her to give Lydia E. Pinkham's Vegetable Compound a trial.

## GRANVILLE

Granville, Feb. 14.—At the last meeting of the Denison Chemical Society there was an unusually large attendance of the members and a most interesting meeting was had. The general topic for the evening was "Modern Agriculture as Related to Chemistry." Mr. Holler read an excellent paper on "Soil Culture in Ohio." He discussed the various chemical factors necessary for the production of crops, where they were found in nature why unavailable to the plant, and how they could be supplied to the best advantage and at the least expense. Mr. Fred G. Smith followed with a paper on "The Dynamic Theory of Soil Culture." In this he contrasted this theory with the old static theory, showing its advantages. Mr. McCarthy traced the development of chemistry at Denison University, which proved an interesting conclusion.

On Sunday a number of the members of the Beta Theta Pi fraternity entertained a number of young women at dinner, among them being the Misses Hesperia Haugham, Dee Shuman and Lella Porter.

Mr. and Mrs. H. N. Moore of near Fostoria, who have been visiting relatives and friends in Newark and in this vicinity for some days, returned home Saturday having had a very pleasant visit.

Miss Mary Melville of Bucyrus spent Sunday in Granville with friends.

Henry Rickison, a young farmer residing a short distance west of the village, met with quite an accident on Saturday. He was on his way to the village on the old Columbus road, and when some distance from town, his horse frightened at a passing automobile and shying suddenly in one side of the road, overturned the buggy. Fortunately he escaped unscathed and the buggy was but slightly damaged.

Mr. and Mrs. B. C. Becker of near Bucyrus, who have been visiting at the home of Henry Davis south of town, for the past several weeks, returned home Monday.

Mrs. Williams, wife of Professor C. L. Williams, who has been quite sick at her home here for the past week or ten days, is much improved.

Miss Ruth Hastings is entertaining her sister from Akron for a few days.

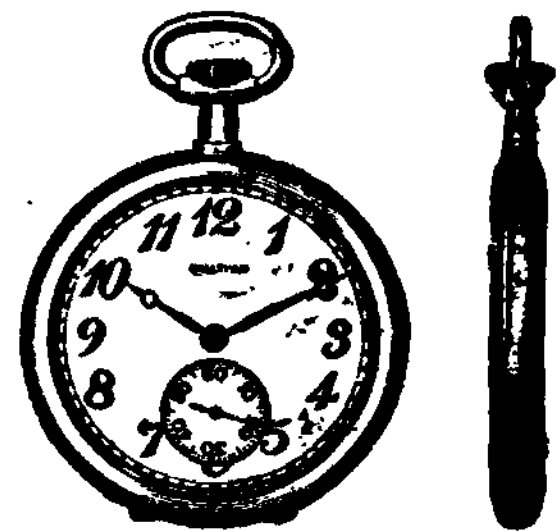

Miss Jessie Wilcox, a charming young lady of Wilmington, who has been visiting here during the past week, returned home Saturday.

## WALTHAM WATCHES

The Authentic American Watch

There was a time when the term "American Watch" was one of contempt at home and abroad. To-day Waltham Watches are the standard pocket time piece from Christiania to Cape Town, from Melbourne to New York.

Pearry used them in discovering the North Pole and the whole world pays respect and good will to their accuracy and honesty.

Beginning with the exposition of the Massachusetts Charitable Mechanic Association held in Boston in 1856, and up to the present time Waltham Watches, wherever exhibited, have taken the first prize and highest award at all the national and international expositions, including that at Seattle in 1909.

man from Utica, a glass worker in that town, was in Newark Saturday, and sold a large number of hides to a local fur dealer and made a nice piece of money.

The man works at the glass factory at night, but during the afternoon he traps, trades and buys furs and his work of the past week netted him \$57. Saturday. The price of fur advanced during the week just past and the man was surprised at the high prices paid. A good mink hide sells for \$4.50, coon hides were purchased for \$2.20, black skunk hides are valued at \$3.25, and other hides sell in proportion.

Prices of all living increased, the only exception Mrs. Austin's pancake flour. Same old price at all best grocers.

Pittsburg, Pa., Feb. 14.—Ten thousand dollars telegraphed from Florida and \$2500 cabled from Europe reached the committee in the last half hour before midnight Saturday and closed triumphantly the 10 days' whirlwind campaign of the Y. M. C. A. to raise \$300,000 for four new branch buildings here.

About \$75,000 was gathered on the last day, contributions being received from high school boys and clerks of the various department stores, with checks from business men ranging from \$500 to \$3000. The \$10,000 was telegraphed by James Laughlin, Jr., one of the directors of the organization. The total amount received is \$305,428.

**THE SECRET IS OUT.**  
The secret that Dr. Edwards' Olive Tablets are a successful substitute for Calomel is being told to millions of people every day.

The secret of good health is good Bowels kept in good order, and the secret that a sluggish, inactive Liver causes Constipation should be known by all.

When you feel nervous, irritated, annoyed, and out of sorts, your Liver and Bowels are out of order. Take one or two of DR. EDWARDS' OLIVE TABLETS at bedtime. Note how they start the Liver to work, and how the Bowels throw off the poison from the system. Notice how quickly and pleasantly they will do their work. They are the only laxative that does everything that Calomel does and leaves none of Calomel's bad effects. They are little, sugar-coated, and pleasant to take. All druggists in men 10c and 25c packages. The Olive Tablet Co., Portsmouth, O.

We're demonstrating this great store's supremacy by giving the greatest values ever.

This advertisement is directed to men who wish to participate in this wonderful clothing bargain opportunity.

If you want to find out the real strength of a dollar, five dollars or a ten dollar bill bring it here and you will carry more bundles home than for the same money ever invested anywhere.

Men have discovered that one-third off Great Western's marked prices means more than a cut of one-half elsewhere.

Our stock of clothing is too big to dispose of in a regular way, hence we have cut the prices so deep that the goods must go.

Reductions of 25, 40 to 50 Per Cent is keeping things busy here.

bers of the association. This trade mark is suggested to ensure the consumer that the contents of the can which it appears are absolutely pure and to be sterilized and preserved solely by heat.

The subject of guaranteeing the purity of canned fruits and vegetables has been the principal topic at the convention and at every mention of the plan to put on guarantees on each can has met with cheering enthusiasm.

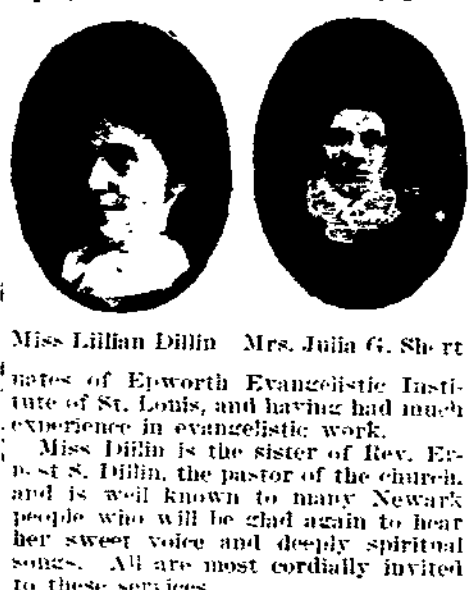

It is planned that members of the association using the trade mark are to pay approximately one cent a can on the go as they pack and sign a bond by which they agree to forfeit \$1000 in case of violation of the guarantee made.
